Hi all from ME...I know you may be going to my site before and after the Expo, I am in the process of updating it, but I have been very very busy with a lot of other work, and I take care of my customer's first, so I feel bad about it, but my own site is not finished. I think I may run out of time before the show to update it, but checkback when I have finished it...or you can go to the old link that is still on my server..

there you can access most of the old pages. And I look forward to meeting everyone next week at the Expo

**The Christian PDR and Paint Guild** - is the product of an industry vision given to me many years ago by another Christian technician. This concept was birthed out of a need to link Christians in our industry together to network and promote the excellence of our craft while furthering the Gospel. It is our collective desire to bring glory to God while doing this. As believers on Jesus we realize that we are not always perfect in our attitudes and actions but our
